Charles Borgmann
Project Manager
Cultures Connection, Nice
cborgmann@culturesconnection.com

I'm a graphist specialized in **Multilingual DTP**. I've been working with several translation agencies across Europe for the last eight years. I've been involved in many different projects for big and small clients during this years in different kinds of projects, from small brochures to magazines and technical manuals. I'm proficient with Indesign, Photoshop and the rest of tools included in the Adobe Creative Suite. I'm used to tight deadlines and committed to quality in my work. **My rates are flexible** depending on the volume or the regularity of the projects.

I'm also an experienced Web Designer & Developer.

I care about your projects. I care about deadlines. I'm part of the team!

Test me for free!
